party regained control of the executive department of the state government yesterday after an interval of five years, when Samuel W. McCall, a former congressman, was elected governor by a plurality of 6606 over Governor David I. Walsh, Democrat. The remainder of the Republican state ticket was elected by larger pluralities and the Republicans made a net gain of 17 seats in the legislature.

One feat of the election was the dwindling of the Progressive vote to a figure which deprives the party of legal standing in the state.

The Prohibition party on the other hand attained the status of a legal party by polling more than the required three per cent of the total vote.

During the campaign McCall, while charging Democratic extravagance in the state and criticizing appointments made by Governor Walsh, directed his energies chiefly to attacking the national administration.

Walsh declined to take up the gage on behalf of President Wilson, asserting that questions of national policy had no part in a state campaign, and devoted himself to a defense of his own actions as governor and to charges of "invisible government" controlling the Republican party for improper purposes.

ful in Greater New York. Alfred E. Smith and Fred Swann, Democrats, were elected as sheriff and district attorney respectively in New York county by majorities estimated at from 40,000 to 50,000. In the other four counties James Cropsey, district attorney of Kings, was the only Republican elected to a high office. The board of aldermen in the city is overwhelmingly Democratic.

In Republican circles the defeat of the constitution was taken philosophically. All the leaders were pleased with the showing the party made in the assembly race.

"We all have our disappointments, you know," was the report of Elihu Root, who presided over the constitutional committee. The Democrats generally were pleased with the result. While it was never formally made a party issue, most of the Democrats fought it.

Under the statute the people of New York must decide at the general election whether another constitutional convention shall be held in 1917.

WOMAN SUFFRAGE

Defeated in Pennsylvania by Narrow Margin Than Expected.

(ASSOCIATED PRESS TELEGRAM)

Philadelphia, Nov. 3.—Although the constitutional amendment which would have granted the women of Pennsylvania the right to vote was defeated at yesterday's election, the vote against it was not nearly so large as was indicated by last night's returns. Indications early today were that the plurality against the amendment would be reduced to between 50,000 and 60,000. A number of counties outside of Philadelphia returned majorities for the amendment while late returns from others were materially reduced. In Philadelphia where it was first estimated that suffrage had lost by a very large majority, was reduced to 39,277. Eight hundred and sixty seven districts out of 522 in the state outside of Philadelphia, showed that 41,400 votes had been cast for the amendment and 47,983 against it. In Philadelphia suffrage polled 66,596 votes, while 195,873 ballots were cast against it.

Thomas B. Smith, candidate for mayor and the other members of the Republican organization ticket for city and county offices were victorious by nearly 70,000 plurality, over George D. Porter, the candidate of the Independents.

MARYLAND RESULTS.

(ASSOCIATED PRESS TELEGRAM)

Baltimore, Md., Nov. 3.—State Comptroller Emerson C. Harrington, the Democratic candidate for governor, was elected yesterday to succeed Governor P. L. Goldsborough, Republican. At 6 o'clock this morning his plurality over O. E. Weller, Republican, was estimated at 35,000. Albert C. Ritchie, Democratic candidate for attorney general, ran ahead of Harrington considerably, and Hugh A. McMillen, candidate for comptroller, ran about evenly with the gubernatorial candidate.

Democrats generally were successful in the state where Republicans held the majority in the assembly.

A majority of the mayors elected in the state were Republicans. Albany, Amsterdam, Kingston, Poughkeepsie and Rochester named Republicans. Troy, Utica and Mt. Vernon elected Democrats. Theron Akin, a former congressman, ran as an independent in Amsterdam and was defeated by James R. Cline, George R. Lund, former Socialist mayor of Schenectady, was returned to that office.

SAFETY FIRST!

More and better protection for less money with the Aetna Acme Accident Policy than with any other ever issued! That's what A-A-A-A-A means to you

For \$25 a year if you are in a "Preferred" occupation you get Ten Thousand Dollars accident insurance. Doubling to \$20,000 for accidents on railroads or steamboats, or while in elevators or burning buildings.

AETNA-IZE—TODAY!

How does this compare with other insurance offers? The former \$25 premium policy of this kind (always considered very liberal) paid but \$5000 the first year, increasing in five years to \$7500.

This wonderful new Aetna Acme Accident Policy gives you \$10,000 at the start for the same premium

That's not all. The Aetna Acme pays you \$25 weekly for two hundred weeks if you are disabled; double this if disabled in a travel, elevator, or burning building accident. The thought you give to this announcement may save your family from destitution. You are determined to protect those you love.

Nowhere else can you get such perfect protection for your family at such a low price. One man in seven is killed or hurt in an accident every year. Every three seconds an accident hits some man in the United States. Will you be the next?

Perhaps. You cannot tell. But you can stop worrying about your family once and for all—for seven cents a day. Come in today and find out all about the Aetna Acme policy—the 5 A's you have been reading about. Tomorrow may be too late!

KELLER BEATEN IN TOLEDO BY A PROGRESSIVE

(ASSOCIATED PRESS TELEGRAM)

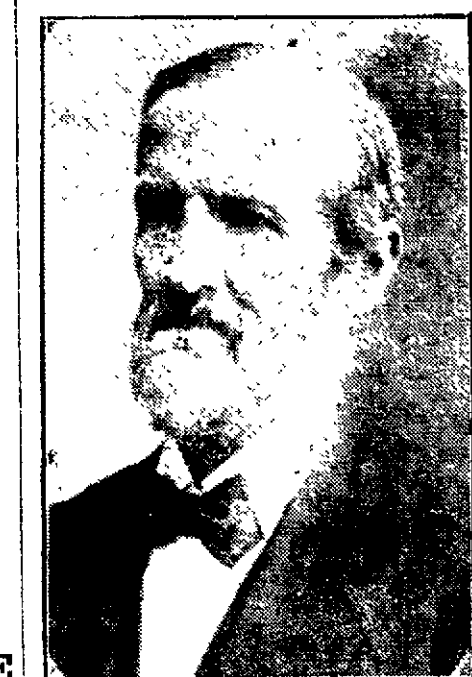

Toledo, Nov. 3.—Carl Keller, who succeeded Brand Whitlock as mayor of Toledo, was defeated in the election yesterday. George A. Murphy, former chief of police whom Mayor Keller deposed also was defeated. The successful candidate was Charles M. Milroy, a Progressive and a former prosecuting attorney.

The 25 year street car franchise was lost. This means that the city will

take over all lines controlled by the Toledo Railway and Light Company, a subsidiary of the Doherty interests of New York. Municipal ownership was voted a year ago.

Toledo voted a majority against prohibition of approximately 8,000.

roads were made by the temperance forces in wet territory.

The voters not only rejected Prohibition but also defeated by substantial majorities three other constitutional proposals and the McDermott liquor license law and the Sprague congressional re-districting act, passed by the legislature.

Last year, Prohibition was defeated by a majority of 84,152. Prohibition claims by the Anti-saloon League leaders of big gains for their cause in the larger cities this year were partly realized. In Hamilton county, the stronghold of the liberal interests, last year's adverse majority of 75,695 was cut down to approximately 60,000, while in Cuyahoga county the 44,710 wet majority of a year ago was reduced to about 26,000, according to available returns. Gains were also registered by the drys in many smaller counties, while in others they suffered losses.

Early this morning, Wayne B. Wheeler, former superintendent of the Ohio Anti-saloon League, issued the following statement:

"Best indications from reports to the Anti-saloon League headquarters are that the majority against Prohibition will be less than 25,000, and complete returns may reduce the adverse majority still more."

Leaders in the campaign for a dry Ohio said that future plans of their organization had not been discussed. By an overwhelming vote, the voters showed they were not in favor of extending the terms of county officials from two to four years.

The so-called constitutional stability amendment, which was vigorously opposed by former Secretary of State Bryan and other temperance speakers in their campaign for Prohibition. By defeating the McDermott act, the voters showed a preference for the present liquor license law, which the McDermott measure would have repealed. The McDermott and Sprague acts had the support of Governor Willis, who opposed the stability amendment and the county officials' term extender.

The amendment which provided for the exemption of all public bonds from taxation, also met with the disapproval of the voters.

The people of Ohio decisively defeated the McDermott liquor license bill and the Sprague congressional re-districting act.

The stability league amendment to restrict submission of twice defeated proposals to once in every six years, backed by the wets, was killed. It lost in nearly every county.

The amendment to extend the terms of county officers from two to four years was unmercifully slaughtered everywhere. It will not be surprising if final returns show it to be the worst defeated of any of the proposals.

The bond exemption amendment also has lost.

The drys made big gains in Hamilton, Cuyahoga and Lucas counties. The wets lost something like 35,000 in these three counties.

Summit county went dry by 300. Miami county, wet a year ago by 223, changed to the dry column, giving prohibition 1100. Warren county has also changed from wet to dry, giving the drys a majority of 500, a gain of 1,000.

Delaware county went dry by 1,200, a dry gain. Springfield shows small wet gains.

Madison county went dry by 650. Meigs county went dry with 1300 majority, a dry gain of 600. Mercer county is dry by 300. Crawford went dry by 700. Gallon went dry by 195.

(Continued from Page 1.) is believed the vote on it will be comparatively close.

Whether Prohibition will be submitted again next year will be determined within the next few months at a conference of all county chairmen of the anti-saloon league and dry leaders, James A. White, superintendent of the league in Ohio said today. He said officers of the league have no authority for predicting what action will be taken.

Though Ohio voters yesterday rejected state-wide Prohibition for the second time in two years, great in-

Business is booming!

Dayton, Ohio.

Merchants everywhere tell our 800 salesmen that business is booming.

Farmers have had two record crops, at big prices, with big demand at home and abroad.

Stocks of manufactured material are short, and labor is in great demand.

Exports largely exceed imports.

Factories are busy, many working overtime.

More freight cars are needed, and steamers are taxed to capacity.

People are living better, and spending their money more freely.

This country has the best money in the world, and more of it than ever before.

Such a combination of favorable circumstances never has occurred before, and probably will never occur again.

Billions of dollars are passing over the merchants' counters.

The people who spend this money want the best service.

They demand it in all kinds of stores, from the smallest to the largest.

They get it in stores which use our up-to-date Cash Registers, which quicken service, stop mistakes, satisfy customers, and increase profits.

Over a million merchants have proved our Cash Registers to be a business necessity.

ESTABLISHED IN 1820

Entered as Second Class Matter March 10, 1882, at the Postoffice at Newark, Ohio, under Act of March 4, 1879.

Tuesday's Election.

Royal C. Bigbee has been re-elected mayor of Newark by 121 majority and the Republican city ticket shares in his victory. Two years ago Mr. Bigbee's majority was 1604.

With the returns incomplete upon some of the matters at issue as these sentences are written today, and with conflicting opinions on the causes underlying the vote, it is somewhat difficult to analyze the situation.

The total vote for mayor 5687 indicates that not less than 1800 Newark voters remained at home notwithstanding the important issues confronting the people of Newark and the ideal election weather that prevailed yesterday.

Joseph Stasel and E. L. Curry were elected Second and Sixth ward councilmen respectively but no other Democrats on the city ticket are among the winners.

In the non-partisan school board election, Seth W. Haight, John M. Mitchell and Benjamin L. Montgomery, three strong and capable men, win.

For justice of the peace D. M. Jones was elected to succeed himself.

The proposal to issue bonds for rehabilitation of the municipal electric light plant was adopted by a large majority, the city of Newark voted "wet" by 1108 majority but Licking county "went dry" by 611.

This in brief is the local situation while the returns from over Ohio show that last year's wet majority of 84,152 has been very greatly reduced, the other proposed constitutional amendments have been defeated and the McDermott liquor license decentralizer and the Sprague gerrymander have likewise met defeat. This means that the Greenlund liquor license law will stand and that the congressional re-districting bill was defeated. It means that Licking, Coshocton, Delaware, Knox, Ashland and Richland counties will continue to constitute the Fourteenth district.

The truth of the assertion that there is "nothing so uncertain as a dead sure thing" seems to be illustrated in yesterday's Newark election.

As the campaign progressed confidence in Mr. Slabaugh's success increased and when the polls closed last night the indications pointed to Mr. Bigbee's defeat. Democratic victory seemed to be in the air, scores upon scores of Republicans had openly proclaimed their allegiance to Mr. Slabaugh and those of sporting tendencies, scenting the situation, backed their judgment by offering in many instances without takers two to one odds on Mr. Slabaugh.

A clean campaign had been conducted, no false accusations had been made by the Democratic organization or by the Advocate upon any opposing candidate and the campaign from the Democratic standpoint was fought strictly upon its merits. And in the face of this fact, in spite of a campaign of misrepresentation upon

Keeping the Promise.

Governor Willis has rushed to the defense of his state insurance superintendent, who by his orders threw down the bars to the employers' liability insurance companies in Ohio. The contention of Willis is that the workmen's compensation law has not been harmed and that the status of affairs in regard thereto has not been changed. The query natural then is, why the Taggart decision? Why have the workmen of the state heralded the alarm? And why have the laborers and the employers, too, called upon former Governor Cox, the father of compulsory workmen's compensation, to come to their support?

The employers' liability insurance companies were promised a change for the better at the expense of widows and orphans and the maimed if Willis were elected. He was elected and it appears that attempt has been made to keep the promise.

In the absence of Governor Willis from the state the emergency board passed by the application of the new state agricultural board to make up the \$30,000 deficit incurred in the mismanagement of the state fair. The senators and others on the board of emergency finance held that this was a mess of Willis' own making inasmuch as he was responsible for the board, and that he should say the word whether the officials, themselves, or the taxpayers, should make up the loss caused by the free pass graft to the politicians.

The state highway commissioner now has a chief assistant named at the request of Willis, who as a resident engineer two years ago in a northwestern Ohio county tried to collect a "made" bill of \$37.00 off the state, for hire of his own automobile. Asked for explanation of the matter he said the automobile belonged to his wife, but investigation disclosed that the state registration was in his own name. Wonder if he will get the money now, and how many more bills of the same kind he will put across?

You may not be able to stir a boy's ambition by telling him he might become a banker or a manufacturer. But just try telling him that if he would fit himself for newspaper work, he might get a chance to report the football games!

It is hoped the Supreme Court sustains the income tax, as the mass of the people have patriotically decided to permit the payment of it by their wealthy neighbors.

These war censors are willing that the newspapers should print the news after it appears in the school history books.

Mr. Wilson's Americanism.

(Philadelphia Record.)
There is not a foreign-born citizen, or the son of foreign-born parents, who is denouncing President Wilson and threatening to vote against him next year, who will allege against him one single act that is not in the interests of the United States of America.

For the first time in human history the head of a state is being attacked because he sought the interests of his own country and not those of a foreign country. With this fact clearly in the minds of the American people, the people who have no divided allegiance and know no country except the United States, how much political effect can any society of the foreign-born, offspring, exert?

We should be glad to have any hyphenated Americans accept this challenge and point out any action of the President which has not been in the interest of the United States. The sole ground on which he is now attacked by some of the foreign-born is that he is first, last and always an American.

The meeting in Worcester, Mass., which declared itself strongly opposed to the re-election of the President did not specify the grounds; probably it assumed that it was needless; the grounds are too well known to require enumeration. So, we shall assume that the reason for the attack was that the President did not stop the export of war supplies, that he insisted on the abandonment—so far as our own citizens are affected—of the sinking of merchant steamers without warning, and that he did not prevent the recent loan to the allies.

The President had no power to interfere with the export of war supplies. Congress might possibly have done so, but the constitutionality of such a measure is open to serious doubt. It would, at any rate, have been a violation of neutrality to change our laws during a war for the purpose of assisting one party to the hostilities. In regard to the safety of merchant shipping, the fact that the German government has conceded the demands of the United States ought to silence all the German-American critics. But what the President did in that case was done or the maintenance of Americans. He served his country and he served humanity. The only complaint against him is that he did not serve Germany.

The President has no authority in law to prevent American capitalists from buying the bonds of a belligerent, just as German capitalists have done. But early in the war he did use his influence decisively to prevent New York bankers from floating a loan offered by France. The half billion loan to the allies was

spent entirely in this country. It will be used in paying American farmers and workmen, and without it half a million of our people, and probably more, would be out of employment. These people in Worcester, Mass., and some others, attack the President because he is safeguarding Americans and their interests, and is not sacrificing his own country for the benefit of a foreign country.

Spirit of the Press

Moral Value of Apple Pie.
The food value of the apple is generally admitted but what of the moral significance of apple eating? Despite the traditional and sinister association of the fruit with our loss of the Garden of Eden it would seem that a liking for apples is an indication of moral soundness. Canon Horsely, who has done so much for the welfare of our prisoners, tells of a governor of Millbank prison, years ago, who stated that "he always had hopes of the final reformation of a prisoner, no matter how depraved or depraved he might be, so long as he retained an appetite for apple pie."—London Chronicle.

Bad Idea.
Edison has invented a voice mill, to attach to a cradle. If the baby cries, the cradle rocks. The harder it cries, the faster the cradle goes. That's a bad idea. A clever baby will soon find out how it works, and will continuously.—Cleveland Plain Dealer.

Massachusetts and Kansas.
According to a government report Massachusetts spent \$6,000,000 last year on roads, while Kansas spent \$5,500,000. Massachusetts has the finest roads in the United States—9,000 miles of them. Kansas? Well, Kansas nearly 1,200 miles of surface roads.

The difference is that Massachusetts has used its revenues to build permanent roads. Kansas has dissipated its funds on roads that are not permanent.—Kansas City Star.

Whom They Represent.
The responsible representatives of the American people stand for adequate national defenses. The irresponsible wind-jammers who tour the country and emit piffle about peace represent themselves.—Houston Post.

Wilson's Knowledge of Mexico.
There are persons who will be surprised by the statement of an American in San Antonio, Tex., that President Wilson is the only man in Washington with even a "primary knowledge" of Mexico and its problems. This man seems to qualify as an expert, too, for "Mexico, its history, its politics, its social and economic problems have been a study of mine of more than 30 years."

A woman "dresses" when she goes downtown. And "dressing" means taking off the petticoat she wears around the house.

There isn't any sense in a man getting gray headed thinking for himself when he can get married and have his thinking done for him.

When mother wants a bar of soap from the corner grocery she always gives daughter four hours' notice. She knows that it is going to take daughter that long to get dolled up nice enough to make the journey.

MRS. THOMSON TELLS WOMEN

How She Was Helped During Change of Life by Lydia E. Pinkham's Vegetable Compound.

Philadelphia, Pa.—"I am just 52 years of age and during Change of Life I suffered for six years terribly. I tried several doctors but none seemed to give me any relief. Every month the pains were intense in both sides, and made me so weak that I had to go to bed. At last a friend recommended Lydia E. Pinkham's Vegetable Compound to me and I tried it at once and found much relief. After that I had no pains at all and could do my housework and shopping the same as always. For years I have praised Lydia E. Pinkham's Vegetable Compound for what it has done for me, and shall always recommend it as a woman's friend. You are at liberty to use my letter in any way."—Mrs. Thomson, 549 W. Russell St., Philadelphia, Pa.

Change of life is one of the most critical periods of a woman's existence. Women everywhere should remember that there is no other remedy known to carry women so successfully through this trying period as Lydia E. Pinkham's Vegetable Compound.

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential), Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

Mrs. Will Ryan entertained the members of the Mystic Club at her home in Oakwood avenue, Friday afternoon.

The rooms were appropriately decorated in Halloween novelties. The contests also were suggestive of Halloween and the prizes were won by Mesdames Leah Cramer, Eugene Smith and Harry Dewalt.

After the business of the club was over the afternoon was spent in needle work.

At a late hour luncheon was served to the members and one guest, Mrs. Montgomery.

The next meeting will be held with Mrs. Harvey Cole in Florence street.

Miss Amelia Verheyen entertained the members of her sewing club at her home in Granville street Tuesday evening. The guests came en masse and the evening was spent in sewing, and light refreshments were served. The following members: Misses Daisy Steinman, Chloe Smuck, Madeline Reichart, Helen Conley, Myrtle Hauck, Clara Reichart, Alice Conley, Margaret Morris and the hostess.

Miss Beatrice Schreffler entertained about thirty of her friends with a Halloween masquerade party Monday evening at her home in North Pine street. The rooms were decorated in fall like, with the many Halloween decorations. The evening was spent in games and music, after which dainty refreshments were served.

Mr. Philip Wickham Jr., gave a Halloween party Saturday evening at his home, "Cedar Hirst," six miles west.

WHAT A MOTHER SAYS.

Vienna, Ohio.—"I am glad to write in regard to what Dr. Pierce's Prescription has done for me. I am the mother of 15 children. I took three bottles of 'Favorite Prescription' and was helped greatly. Am sending the picture of my four-months-old baby girl."

"I will gladly recommend Doctor Pierce's medicine."—Mrs. EMMA MERRIMAN, South Vienna, Ohio.

Lowell, Ohio.—"I made up my mind Dr. Pierce's Favorite Prescription was just what I needed and I used about two bottles. I had had an abscess and after operation wanted a good medicine. I was low spirited, had the tired-out feeling and was nervous. This medicine helped to put me on my feet. My weight went up from 120 to 155 lbs. I have never taken any remedy that did me so much good as this. I am only too glad to recommend it."—Mrs. SARAH DONALDSON, R. F. D. 1, Lowell, Ohio.

Doctor Pierce's Favorite Prescription cures weak and aching backs, headaches, nervousness and other womanly ailments by curing the womanly diseases which cause them. It makes weak women strong, sick women well. Dr. Pierce's Favorite Prescription is a remedy that any ailing woman can safely take because it is prepared from roots using pure glycerine instead of alcohol, and is not a secret remedy for its ingredients are printed on wrapper. Get it today, either in liquid or tablet form, or write Dr. Pierce, Invalids' Hotel, Buffalo, N. Y., for a free book on woman's diseases.

KIRK

In Milady's Boudoir

By Gwen Sears

There are as many different brands of moles as there are of toilet soaps, but like most soaps, they are all good and beautifying. A mole that is round, dark like a coffee bean, and perfectly smooth like the cheek of an adonis, is a beautifying asset providing it has been well placed by nature.

If one is so fortunate as to possess a mole coquetishly placed near the eye, or daringly near the corner of the mouth, one is indeed lucky. But if it is simply a blotch on the chin or cheek, it would be well to have it removed by an expert with the electric needle.

There have been many attractive moles on the necks and arms of famous beauties, but they are rare. If one has no mole to pet and cherish the next best thing is a patch of court plaster, or a cleverly painted mole done with the fine point of an eyebrow pencil.

A mole is really necessary as a finishing touch to the well planned toilet. It adds distinction and subtle charm to the owner. Brunettes possess moles more frequently than blondes and, for this reason, the girl with golden hair must be very careful how she applies the artificial touch.

However, it must be admitted, that moles, whether false or real, are very fetching to a youthful face.

Your Boys and Girls

It is hard to deny a child when one has the means to gratify it but when the mother's calm judgment shows her that the gratification is not for the child's good, it is for her, in the interest of family happiness, to exercise self control and the right to deny.

One may deny pleasantly and gently as well as harshly. The good natured method is much more lightly to bring the child willingly to face the disappointment, thus avoiding an outbreak of temper.

Mothers should, also, teach their little ones when very young to be frank and honest. Show them that almost any mischief is preferable to deceit and falsehood and then, when they realize the value of truth, trust them. You have no idea how great an influence a mother's trust can be. The very knowledge that mother trusts them will be enough to hold the little ones back from any real evil.

NEWARK Y. W. C. A. CAMPAIGN WILL START NOVEMBER 22

About three years ago, after Dr. Lyon had accomplished his splendid ministry in Newark, when the public consciences had been awakened as perhaps it had never been before, the Young Women's Christian Association came into existence as an expression of the belief of the good people of this town in this particular branch of Christian work.

A sum of money was cheerfully subscribed—sufficient to equip the Association and maintain it for three years. This prescribed period has elapsed, and the time has arrived for another monetary expression of the love and good will of our citizens for the Young Women's Christian Association.

On November 22nd, covering a period of eight days, with Thanksgiving Day intervening, a campaign will be started for funds. The Association will need a goodly sum of money, sufficient to maintain the association for at least two years, and provide a broad margin for growth of the institution, and expansion of its activities. But we shall ask for a great deal more than just money. We ask that we may have the good will and co-operation of the entire community, that this appeal may bring to us many volunteer workers of which the Association stands in great need. That christian men and women adopt the Young Women's Christian Association as such part of their christian service, as shall place this constructive work for girls, second only to the service they owe their churches; that fathers who shield and protect their daughters, and mothers whose loving guidance makes safe the tender years of girlhood remember the young women who lack opportunity and wholesome environment, and share with us the beautiful work of giving opportunity and a christian home to the girl who is away from her home; to the girl who has no home; to the girl who has missed a father's protection, or a mother's love, or both; to the little girls who leave school at the age of 13 or 14 years to earn a wage, and who from an educational standpoint are too poorly equipped to rise into better earning capacity; to remember the allurement of recreation parks and dance halls, and

to remember that the cry of Cain, "Am I my brother's keeper," came from a guilty conscience. The work of the Y. W. C. A. all over this broad land of ours, is the result of the awakened conscience which recognizes the obligation of the individual to the individual, and the ministry of service to others.

"No Nation Can Rise Higher Than the Level of It's Womanhood."

This pearl of wisdom once dropped from the lips of a profound philosopher, its corollary is, no city or community can rise higher than the level of its womanhood, and so we ask all who are concerned for this moral welfare of the town, who are engaged in the different phases of uplift work, and in the many activities and splendid work of our churches; all who are working for good laws and better government, if in seeking to raise the level of our young womanhood, the Y. W. C. A. is not building the foundation of all racial development and human welfare.

We ask our friends and subscribers to carry this thought in open mind, and to observe the tide of young womanhood as it daily emerges from office, store, factory and school. What potentialities for good! What a precious asset to town or community, this matrix from which shall arise the future generation, that will be strong in mind and body, fine in moral fiber, in proportion to the opportunity and constructive work that is now given to our girls.

In the Y. W. C. A. the girl is paramount. She is the end and object of all our work; the work is adapted to her need and her leisure hours; the organization is effected for her and she is taught principles of self government and self expression.

Publicity will be an important feature of the campaign and for it we shall be very deeply indebted to the courtesy of the management of "The Daily Advocate" and "The Daily American Tribune," whose columns have been freely offered. We hope to make it a campaign of information and education regarding the Y. W. C. A. movement; the World's Association and its work in foreign fields; the National organization which sends its ramifications into every state of the Union and which is the bone sinew of the local Association.

We ask from the public the courtesy of careful perusal of articles relating to Y. W. C. A. work as they appear daily in these columns. We are seeking to awaken the great maternal heart of this city, and to set it to brooding over the needs of girls; to till the soil of public opinion to the end that the Young Women's Christian Association may, in the public mind, be lifted out of the lists of mendicancy into the kindlier fold of Christian benevolence; to explain why Y. W. C. A. work cannot be self supporting, though it has an earning capacity; to tell through our chairmen of committees of work already accomplished, and our hope and outlook for the future.

We ask for the prayers of this christian community for the good will of everybody. We want "campaign week," to be mutually beneficial, to donor as well as recipient, for we realize that giving may be made just as much an act of worship as prayer or praise. And we ask all this "In His Name."

GOLD WEATHER RHEUMATISM

Why should rheumatism, a disease of the blood, be worse in cold weather than in summer?

The rheumatic poison in the blood is the predisposing cause of the disease. If you have the taint in your blood you may have rheumatism whenever the exciting cause stirs it to action.

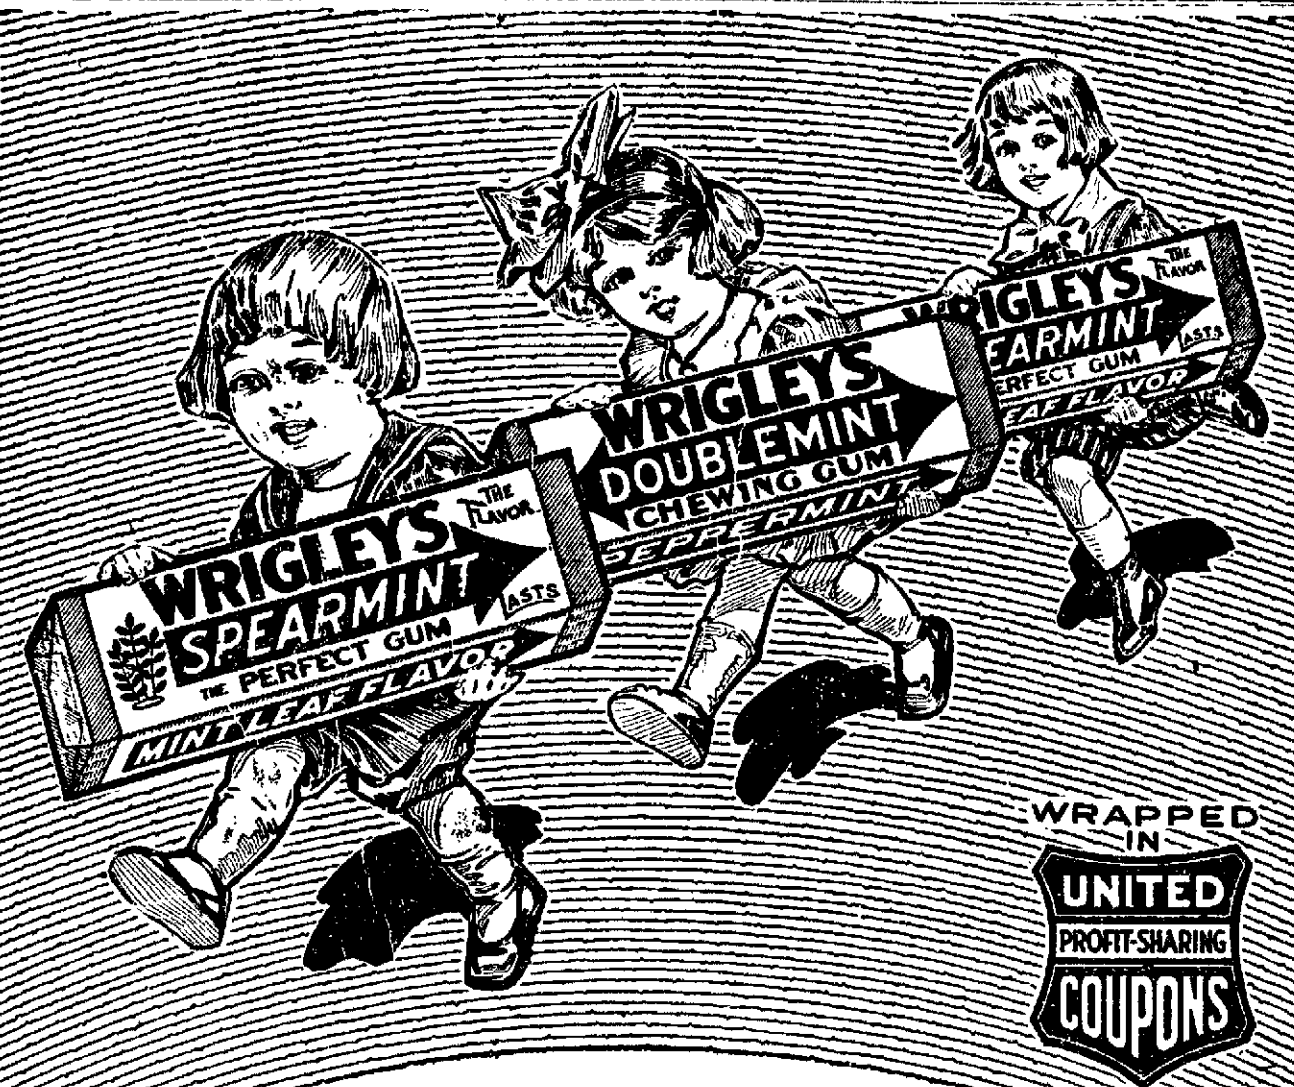

Cold weather and dampness are exciting causes of rheumatism. They excite to action something already in the blood, something that you must get rid of if you would be free from rheumatism.

What this something is, nobody knows. Not very long ago it was thought to be uric acid. Many doctors now think it a microscopic organism or a specific bacillus, but they cannot find the bacillus.

It is a known fact that in rheumatism the blood becomes thin rapidly, that building up the blood relieves the rheumatism and that there will be no return of the rheumatism as long as the condition of the blood is maintained.

Dr. Williams' Pink Pills are recommended for rheumatism because they keep the blood rich and red and free from rheumatic poisons.

The freebook, "Building Up the Blood," tells all about the treatment. Sent for a copy today to the Dr. Williams' Medicine Co., Schenectady, N. Y. Your own druggist sells Dr. Williams' Pink Pills.

The Churning of Columbus Oleomargarine

There is little difference between churning creamery butter and oleomargarine. In the latter process, however, large imported steel churns are used instead of the wooden type and the motion is rotary instead of horizontal.

The cream and milk are first introduced and churned until the butter globules appear, then the Oleo Oil and Neutral are quickly added and agitated until all the ingredients are thoroughly mixed. The oleomargarine is then drawn off, in liquid form, into cooling tanks filled with a mixture of cracked ice and distilled water, which causes it to quickly harden. From here it is taken to the Salting and Working Room.

The latest improved churns, the absolutely pure ice and water and the close inspection by Federal authorities during all processes is your guarantee that

OUCH! BACKACHE! RUB LUMBAGO OR PAIN FROM BACK

Rub stiffness away with small trial bottle of old, penetrating "St. Jacob's Oil."

Ah! Pain is gone! Quickly?—Yes. Almost instant relief from soreness, stiffness, lameness and pain follows a gentle rubbing with "St. Jacob's Oil."

Rub this soothing, penetrating oil right on your painful back, and like magic, relief comes. "St. Jacob's Oil" is a harmless backache, lumbago and sciatica cure which never disappoints and doesn't burn the skin.

Straighten up! Quit complaining! Stop those tortuous "stitches." In a moment you will forget that you ever had a weak back, because it won't hurt or be stiff or lame. Don't suffer! Get a small trial bottle of old, honest "St. Jacob's Oil" from your druggist now and get this lasting relief.

LICKING

Mrs. Erssen of Lake county is visiting at the home of her daughter, Mrs. Burrell Ruffner.

Miss Lillian Brady entertained with a Halloween party last Saturday night, and all had a good time.

Mr. and Mrs. Ray McCall of Canton, O., are visiting relatives in this vicinity for a few days.

Next Saturday will be the regular business meeting of the church. This is a very important meeting and hope all may come.

We are glad to note Mrs. Jennie Jones, who has been very ill, is on the road to recovery.

Mrs. C. M. Black spent a few days in Newark last week at the home of her daughter, Mrs. R. V. Sperry.

Miss Clara Rees of Hebron called at the home of Gertrude Black last Thursday afternoon.

You Can't Brush Or Wash Out Dandruff

The only sure way to get rid of dandruff is to dissolve it, then you destroy it entirely. To do this, get about four ounces of ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

Do this tonight, and by morning, most if not all, of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have.

You will find, too, that all itching and digging of the scalp will stop at once, and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better.

You can get liquid arvon at any drug store. It is inexpensive and never fails to do the work.

For Baby's bath

Use California Citrus Cream instead of soap. Leaves the skin antiseptically clean, soft as velvet, cool and refreshed.

CALIFORNIA CITRUS CREAM

Soothes and strengthens the tender skin and reduces irritation. Closes the pores and lessens the possibility of catching cold. Softens any water.

BUY AT HOME

Ten years ago a Laramie County, Colorado, farmer put his initials on a dollar bill. The next day he went to the nearest town and spent it with a merchant. Before the year was out he got it back. Four times in six years he got it back to him for produce and three times he heard of it in the pocket of his neighbors. The last time he got it back was four years ago.

He sent it to a mail order house and has never seen the dollar since OR EVER WILL. That dollar bill will never pay any more school or road tax for him, build or brighten any of the homes of the community. He sent it entirely out of the circle of usefulness to himself or his neighbors.

Moral—Trade at home.

The Unsentimental Truth. "Did you read this, about the poor man who escaped from the asylum?" asked Mrs. Ninkum looking up from her paper. "He was so anxious to get back to his wife and her good cooking that he swam the river."

"A sob-sister threw in that heart-throb stuff," jeered Mr. Ninkum. "The truth is that the bug-catchers were after him and he wanted a place to hide."—Judge.

WHAT CAUSES COLDS?

This question is asked every day. A cold is really a fever, not always caused by the weather but often due to disordered blood or lack of important food-elements. In changing seasons food-factors are essential because they distribute heat by enriching the blood and so render the system better able to withstand the varying elements.

This is the important reason why Scott's Emulsion should always be taken for colds, and it does more—builds strength to prevent sickness.

Scott's Emulsion contains Nature's rare strength-building fats, so skillfully blended that the blood profits from every drop. It is free from harmful drugs or alcohol. Sold at drug stores—always get the genuine.

GENERAL FUNSTON IS READY TO CROSS THE MEXICAN BORDER.

(ASSOCIATED PRESS TELEGRAM)
Washington, Nov. 3.—President Wilson and Secretary Garrison are considering whether to authorize Major General Funston to cross the Mexican border if he finds it necessary to do so to save Douglas from the Mexican gun fire.

Secretary Garrison today refused to confirm or deny that General Funston had asked for such authority and the White House also was silent. It was made clear at the war department that the American commander already has authority to return any fire across the border.

The latest reports from General Funston said there was an unconfirmed report that the Villa forces were withdrawing toward Nogales from the attack on Agua Prieta. The message was sent late last night.

General Funston already has authority to dispose his troops as he deems best to protect American lives and property without reference to the war department.

Should it be decided to permit him to cross the border, however, it will rest with President Wilson whether any change in orders will be made.

DISCREDITS

(Continued from Page 1.)
L. Finley declared the defeat of these acts on referendum constituted a repudiation by the people of the Willis administration. He said Democratic leaders had found in every community that Republicans were openly willing or secretly anxious to aid in the rebuke of the Willis administration.

Municipal officials and civic organizations expressed great disappointment at the failure of the amendment to exempt public bonds from taxation.

They attributed its defeat to opposition in rural communities, and the general tendency to vote "no" on proposals.

Spokesmen for the county officials' association, which put forward the term extension amendment, indicated their fight probably would not be renewed soon owing to the decisive defeat of the amendment.

William P. Halencomp, secretary of the I and R defense committee which fought the Stability amendment today asserted that that proposal had been defeated by about 30,000 majority.

"As a friend of the initiative and referendum, I have no complaint to make because the people exercised their judgment by rejecting the new license act," said State Senator John L. McDermott of Trumbull county, author of that measure here today.

Governor Willis had not returned from his home in Ada today, but at his office the defeat of the McDermott act and the Sprague congressional re-districting measure was attributed to a general tendency on the part of the electors to vote against all constitutional proposals and referred laws.

Governor Willis' personal statement on the election issued at his office referring to the rejection of the McDermott law, said:

"Since the people by their voting have expressed confidence that the present administration will not abuse the power, I shall put forth every effort to see that this trust is faithfully carried out to the end that the machine-building possibilities involved in the present liquor licensing law shall not be misused under this administration."

He attributes the defeat of the measures also to local conditions and to the "tendencies on the part of the public to vote down all referendums and amendments."

"The remarkable Republican gains made in Ohio and throughout the country are the harbinger of Republican victory in 1916," he said.

TELEPHONE CO. ASKS TO MAKE STOCK INCREASE

(Special to the Advocate.)
Columbus, Nov. 3.—The Newark Telephone company today applied to the public utilities commission for authority to issue \$50,000 stock, the proceeds to be used in making extensions and betterments. The present capital stock is \$250,000. The company desires to increase its facilities so as to permit the addition of subscribers to the automatic telephone exchange which now serves nearly 5,000 subscribers.

P. G. EVANS HAS LITTLE CHANCE OF GETTING WELL

P. J. Evans who was found along the railway tracks between Union and Pine street on Tuesday afternoon with his skull crushed, resides at 72 Gator avenue this city, instead of Thurston, O., as was first thought.

He was removed to the Sanitarium where a fourth of the skull on the left side of the head had been crushed was removed. Drs. J. G. Shier, Dr. W. H. Lewis and Dr. H. B. Anderson attended him and he recovered consciousness a short time this morning and recognized his wife. Little hope is entertained for his recovery.

REASONS FOR THANKFULNESS.

For the manifold blessings that Almighty God has showered upon us during the past year; for prosperous industries and fertile fields; for contented homes and peaceful maris; for the growing recognition that whatever is of solid benefit to a single division of our people must in time be of benefit to the people as a whole; for the extension of education and the fostering of the arts and sciences; for our preservation from flood and famine, plague and drought—for these tokens of the benign and beneficent care of a watchful Providence it is becoming that the people should gather to offer thanks to Almighty God.

While in sorrow and compassion we view the misery and devastation which a world war has brought to our fellow beings across the ocean, while we look aghast at fields dyed with the blood of brave men and wet with the tears of women and little children, at homes destroyed, at commerce palsied, at proud cities leveled to the dust and progress giving way to desolation, our minds must turn in gratitude to him who has kept our nation whole and unharmed.

Bobby Burns' Thanksgiving Grace

Some hae meat and canna eat,
And some would eat that
want it,
But we hae meat, and we can eat,
Sae let the Lord be thankit.

We have especial cause of congratulation in the advancement of science and virtue in our midst. It is fitting that we should, as a people, acknowledge our obligations and render our thanks to the gracious Author of all our mercies.

What Bessie Is Thankful For

I's dot a pretty dolly,
An' I's dot a nice new hat;
I's dot a picture book an' ring
An' much more fings an dat.

I's dot a playhouse by the creek,
Where my papa loves to fish,
An' it's dot a little broken chair
An' a pretty broken dish.

An' we's dot a turkey dinner,
An' peach an' pumpkin pie,
An' pudding, too, wit chocolate,
An' heaps of fings, oh my!

I's dot so much I's thankful for,
Lots more'n I can tell,
But most of all I's thankful for
Is 'at all of us are well.

Pyorrhea—the disease

nearly everybody has

No matter how sound your teeth may seem to be, no matter how you may scoff at the idea of your having this disease, it is a positive fact that the germ which causes it is working now in your teeth.

The appalling discovery of this fact—that the germ which causes pyorrhea is one which inhabits every human mouth—was made over a year ago. Since then dentists have been urging everyone to take special precautions in their daily toilet to prevent this disease from developing in its acute form of bleeding gums, tenderness in chewing and loose teeth.

To meet the need for such a daily treatment and to enable everyone to take the necessary precautions against this disease, a prominent dentist has put his own prescription before the public in the convenient form of Senreco Tooth Paste.

Senreco contains the best corrective and preventive for pyorrhea known to dental science. Used daily it will successfully protect your teeth from this disease.

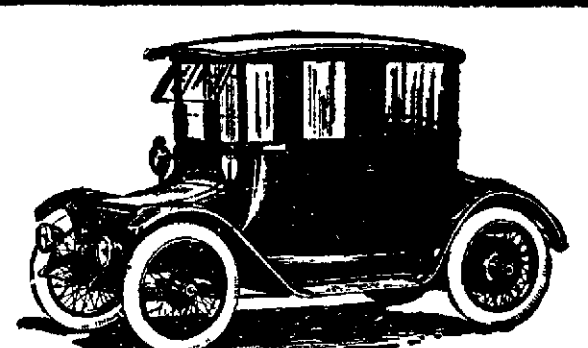

Senreco also contains the best harmless agent for keeping the teeth clean and white. It has a refreshing flavor and leaves a wholesomely clean, cool and pleasant taste in the mouth.

Start the Senreco treatment tonight—full details in the folder wrapped around every tube. Symptoms described. A 25c two oz. tube is sufficient for six or eight weeks of the pyorrhea treatment. Get Senreco at your druggists today, or send 4c in stamps or coin for sample tube and folder. Address The Senreco Remedies Co., 505 Union Central Bldg., Cincinnati, Ohio.

FOOD SOURING IN STOMACH CAUSES INDIGESTION, GAS

"PAPE'S DIAPESPIN" ENDS ALL STOMACH DISTRESS IN FIVE MINUTES.

Wonder what upset your stomach—which portion of the food did the damage—do you? Well, don't bother. If your stomach is in a revolt; if sour, gassy and upset, and what you just ate has fermented into stubborn lumps; head dizzy and aches; belch gases and acids and eructate undigested food; breath foul, tongue coated—just take a little Pape's Diapespin and in five minutes you wonder what became of the indigestion and distress.

Millions of men and women today know that it is needless to have a bad stomach. A little Diapespin occasionally keeps this delicate organ regulated and they eat their favorite foods without fear.

If your stomach doesn't take care of your liberal limit without rebellion; if your food is a damage instead of a help, remember the quick, surest, most harmless relief is Pape's Diapespin which costs only fifty cents for a large case at drug stores. It's truly wonderful—it digests food and sets things straight, so gently and easily that it is really astonishing. Please, for your sake don't go on and on with a weak, disordered stomach; it's so unnecessary.

MEAT CAUSE OF KIDNEY TROUBLE

Take a glass of Salts if your Back hurts or Bladder bothers—Meat forms uric acid.

If you must have your meat every day, eat it, but flush your kidneys with salts occasionally, says a noted authority who tells us that meat forms uric acid which almost paralyzes the kidneys in their efforts to expel it from the blood. They become sluggish and weaken, then you suffer with a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sours, tongue is coated and when the weather is bad you have rheumatic twinges. The urine gets cloudy, full of sediment, the channels often get sore and irritated, obliging you to seek relief two or three times during the night.

To neutralize these irritating acids to cleanse the kidneys and flush out the body's urinous waste get four ounces of Jad Salts from any pharmacy here; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to finish and stimulate sluggish kidneys also to neutralize the acids in urine, so it no longer irritates, thus ending bladder weakness.

Jad Salts is inexpensive; cannot injure, and makes a delightful effervescent lithia-water drink.

SAGE TEA DANDY TO DARKEN HAIR

Look years younger! Use the old-time Sage Tea and Sulphur and nobody will know.

You can turn gray, faded hair beautifully dark and lustrous almost over night if you'll get a 50-cent bottle of "Wyeth's Sage and Sulphur Compound" at any drug store. Millions of bottles of this old, famous Sage Tea Recipe are sold annually, says a well-known druggist here, because it darkens the hair so naturally that no one can tell it has been applied.

Those whose hair is turning gray, becoming faded, dry, scraggly and thin have a surprise awaiting them, because after one or two applications the gray hair vanishes and your locks become luxuriantly dark and beautiful—all dandruff goes, scalp itching and falling hair stops. This is the age of youth. Gray-haired, unattractive folks aren't wanted around, so get busy with Wyeth's Sage and Sulphur, tonight, and you'll be delighted with your youthful appearance within a few days.

MISSIONARIES IN TURKEY DIE FROM SHOCK OF THE WAR

(ASSOCIATED PRESS TELEGRAM)

New York, Nov. 3.—The shock of tragedies which the war has brought about in Turkey has caused the deaths of five American missionaries on duty in the Turkish empire since May, according to the annual report of the Rev. James L. Barton, foreign secretary of the board of commissioners of foreign missions. The missionaries whose deaths are attributed to conditions in Turkey were Mrs. Mary E. Barnum, at Harput; Mrs. Charlotte E. Ely, at Bitlis; Rev. George P. Knapp at Diarbekir; Mrs. Martha W. Reynolds who died of injuries received while in flight from Van to Tiflis, Russia, and Mrs. Elizabeth Usher at Van.

Among the hundreds of thousands of Armenians and other Christians who perished in Turkey, Dr. Barton reported were professors and teachers in the missionary schools, pastors and preachers all of whom "miserably perished at home or died of exposure on the road toward Northern Turkey, where vast multitudes have been exiled."

"Probably in all history," said Dr. Barton, "two hundred missionaries have never been called on to pass through more terrible experiences than have our missionaries in Turkey during the last nine or ten months, and the end is not yet."

Nancy Boyer is no stranger to Newark, on the contrary she is the most popular stock star who has ever visited this city and holds the record for crowded houses at the Auditorium. But one of this old record-breaking company is now with her, this being Henry Testa, her manager and director. All of the others are new and were recruited from the best companies extant.

This is the tenth week of the new organization and in that time each individual has shown the proper idea of "team work" so essential to smooth performances and will give excellent account of themselves upon their initial bow to a Newark audience. Monday matinee, when they appear in Margaret Mayo's screamingly funny farce "Baby Mine" and at night in George Broadhurst's masterpiece "Bought and Paid For." Both of these plays have been here at high prices but Miss Boyer is the first to produce them at popular prices.

In addition to the plays above mentioned Miss Boyer will present a dramatization of E. P. Roe's beautiful story "He Fell in Love With His Wife"; "Tess of the Storm Country" recently done in the "Movies" by Mary Pickford; "A Woman's Hour"; "The Woman in the Case"; "The Winning of Hester Temple" and "A Butterfly on the Wheel."
